Board of Land and Natural Resources  
State of Hawaii  
Honolulu, Hawaii

PSF: 02MD-248

MAUI

Amend Prior Board Action of June 14, 2002, Agenda Item D-6, as Amended on July 26, 2002, Agenda Item D-4, Cancel Governor's Executive Order No. 3385 and Reset Aside to the Department of Land and Natural Resources, Division of Boating and Ocean Recreation, Together with the Mala Wharf Small Boat Launching Ramp Site, Adjacent Submerged Lands and Surface Waters, Alamihi and Moalii, Lahaina, Maui, TMK: (2) 4-5-04 and 4-5-05

BACKGROUND:

The Mala Wharf small boat launching ramp site is one of dozens of State small boat harbors and launching ramps that Act 272, SLH 1991, transferred the control and management responsibilities from the Department of Transportation (DOT) to the Department of Land and Natural Resources (DLNR).

At its June 14, 2002, meeting, under agenda item D-6, the Land Board approved the cancellation of Governor's Executive Order No. 3385 (GEO 3385) to DOT and voted to recommend to the governor that the premises formerly encumbered by GEO 3385 be set aside to DLNR, together with the Mala Wharf small boat launching ramp site, adjacent submerged lands and surface waters. However, the cancellation of GEO 3385 appeared only in the title of agenda item D-6 and was inadvertently left out of the recommendation in agenda item D-6. Accordingly, at its July 26, 2002, meeting, under agenda item D-4, the Land Board amended agenda item D-6 of its June 14, 2002, meeting to include the cancellation of GEO 3385 in its recommendation section.

REMARKS:

Agenda item D-6 of the Land Board's June 14, 2002, meeting, reported the total area to be set aside to DLNR, Division of Boating and Ocean Recreation (DOBOR), as 15.935 acres. A 12.315-acre portion is an offshore mooring area that was encumbered by GEO 3385 to DOT. Governor's Executive Order 3940, dated August 13, 2002, canceled GEO 3385.

DOBOR is now requesting that the total area to be set aside be increased to 24.530 acres. The additional 8.595 acres are submerged lands and their surface waters adjacent to the Mala Wharf small boat launching ramp site and extends seaward to connect with the Mala offshore mooring area. The additional area would allow DOBOR to control and maintain the

submerged lands and surface waters surrounding the Mala Wharf small boat launching ramp site.

RECOMMENDATION: That the Board:

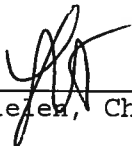

1. Amend its prior Board action of June 14, 2002, under agenda item D-6 by replacing the 15.935 acres shown under AREA on page one with 24.530 acres.
2. Except as amended herein and on July 26, 2002, under agenda item D-4, all terms and conditions listed in agenda item D-6 of the Board's June 14, 2002, meeting to remain the same.

Respectfully Submitted,

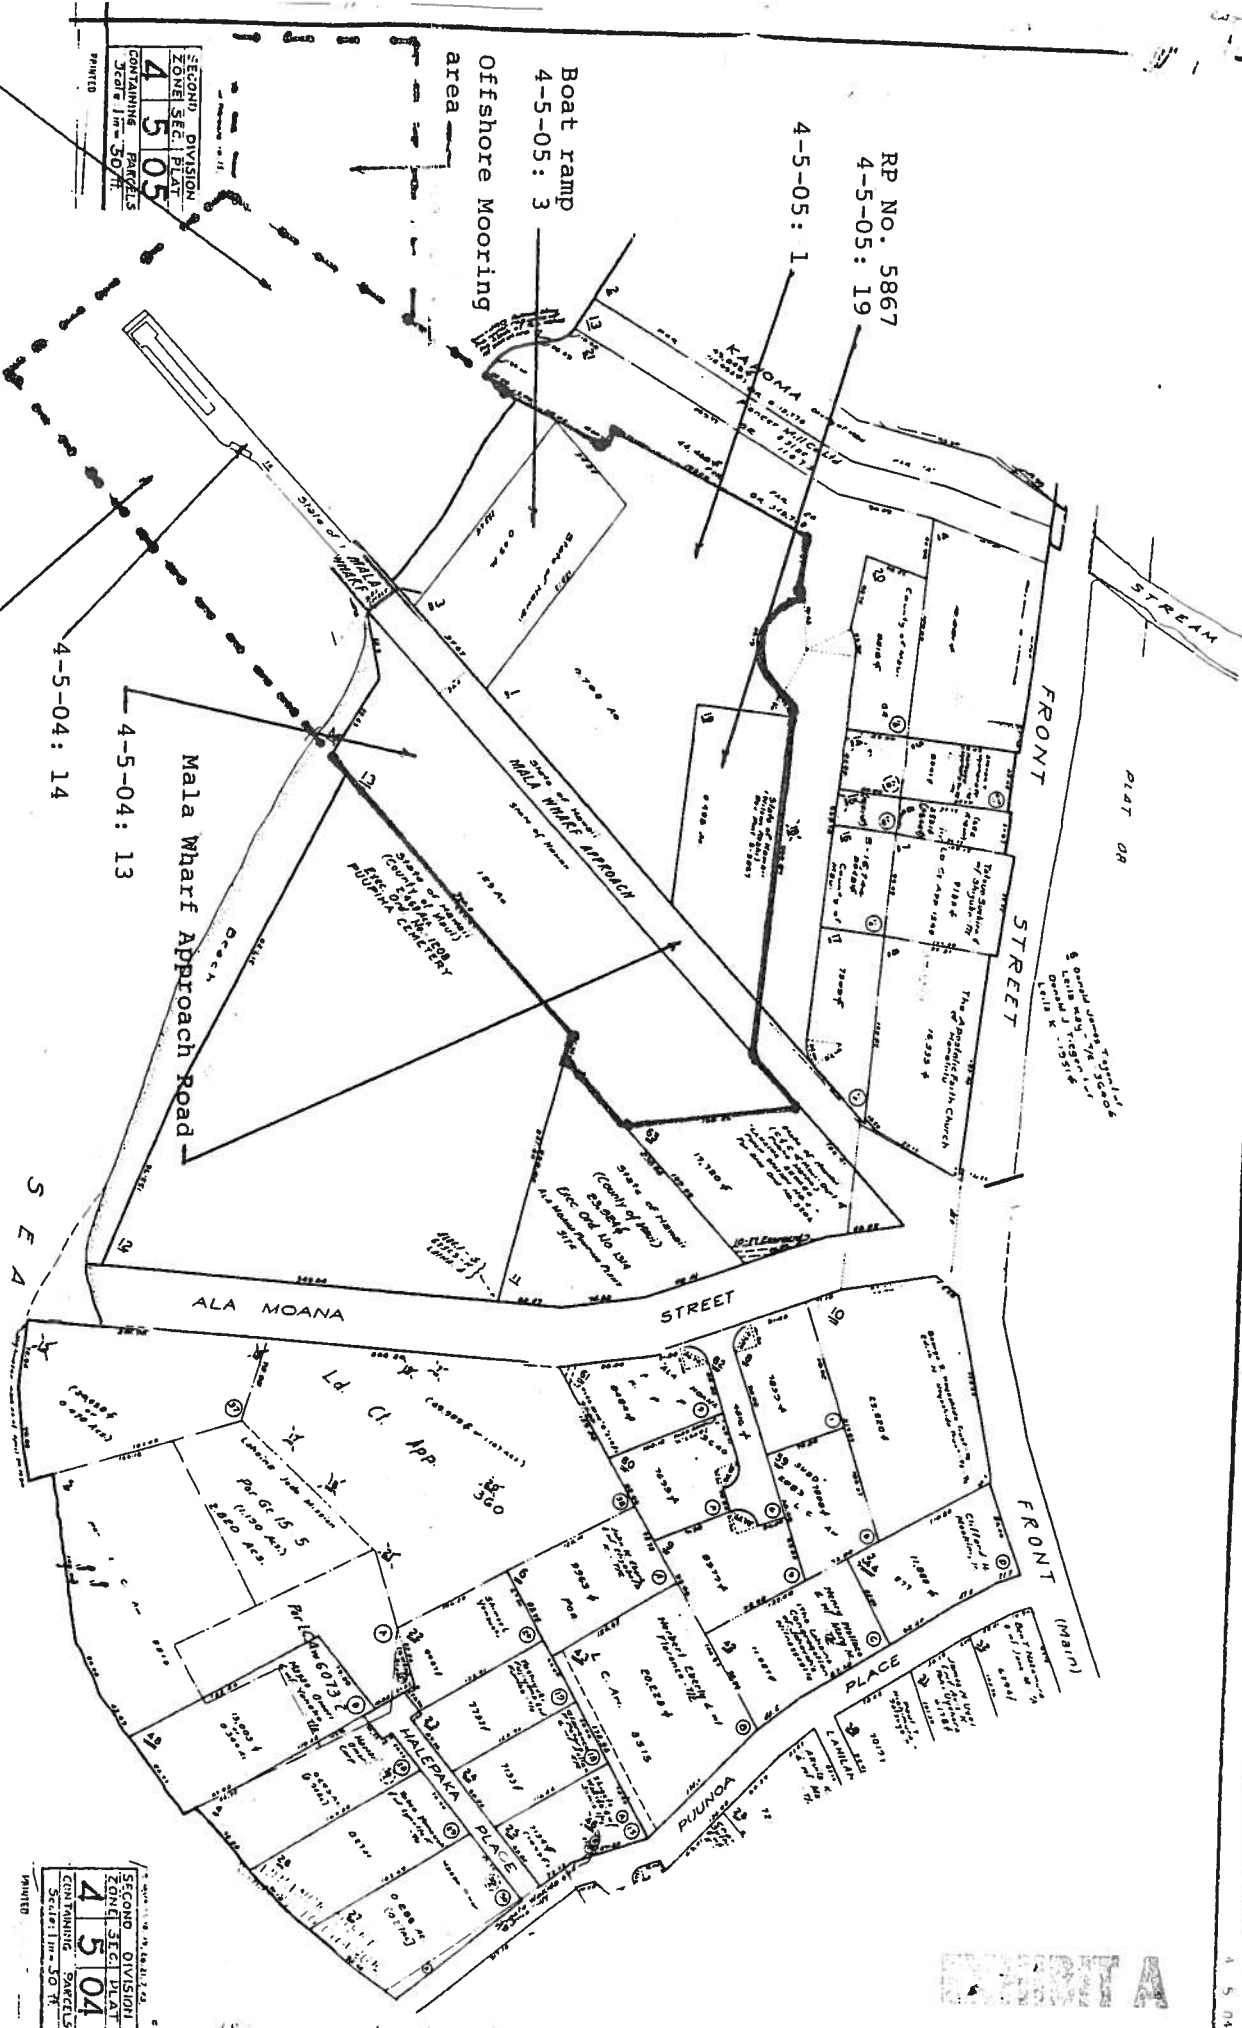

Gary Martin  
Land Agent
